BEATTIE SEEKS RELIGION

In the Shadow of Death, Young Wife Murderer Turns to Prayer.

Richmond, Va., Nov. 22.—Henry Clay Beattie, condemned to die Friday at dawn for wife murder, has turned to religion for solace in his final hours.

Abandoning his indifferent air, Beattie is spending much time in preparation for that moment when electricity will shock him to death. A minister guides him in prayer.

Gov. Mann has turned a deaf ear to hysterical appeals that young Beattie be spared death.

LOST—Late Saturday evening, one brown purse, containing \$13.50. Reward of \$5.00 for return to this office. Mary Effie Means.

BUNCH OF GOVERNORS

To Take Part In The Inauguration Of Gov. McCreary
Dec. 12.

MONSTER PARADE PLANNED

One Governor, One Governor-Elect and Four Ex-Governors to Take Part.

Frankfort, Ky., Nov. 22.—One governor of Kentucky, a governor-elect and four ex-governors of this Commonwealth will participate in the inauguration of James B. McCreary December 12. The ex-governors are Simon Bolivar Buckner, Senator W. O. Bradley, J. C. W. Beckham and Mr. McCreary. Of course, the governor who will participate is Governor Willson, and it is probably the only time in the history of any state in the Union, when so many ex-governors took part in the inauguration of a governor. Former governors Buckner, Bradley and Beckham will occupy a carriage and be in the inaugural parade, with Governor Willson and Governor-elect McCreary.

The inaugural parade will be the largest and most impressive ever seen in this state. It will come near being a military pageant, as the entire state militia will participate along with thousands of ex-Confederate soldiers dressed in gray uniform, if that number can get to the city, and members of Democratic marching clubs and young men's Democratic clubs from every large city in this state will be invited to participate in the parade.

Provisions will be made for carriages for the legislators, both Democratic and Republican, and they, too, will take part in the parade.

Case Dismissed.

In county court yesterday Mr. Jesse R. Reeves was acquitted of a charge of breach of the peace. Sam Wells, col., swore out the warrant. The alleged trouble grew out of the division of some corn.

CORN CLUB

Next Tuesday Will Be Exciting Contest For 76 Boys.

On next Tuesday Nov. 28 the boy's Corn Club and the girl's Chrysanthemum Club of Christian county will have an exhibit at the Teachers' County Institute.

These corn clubs are developing the future farmers of Kentucky and Christian county expects to rank with the best of them. The old-fashioned farmer who thinks it impossible to grow as much as 100 bushels of corn on an acre of ground will be shown a thing or two this fall by the Boys' Corn Club in many counties. It will be a surprise to see one of our boys grow nearly that much on a half acre.

Each member of this club was given one-half bushel of seed corn, furnished by the Department of Agriculture, which he is to plant on one-half acre of ground and each boy growing as much as thirty bushels of corn will be awarded a diploma from the State.

Miss West, County Superintendent, has organized 76 boys in the Christian County Club and the rivalry next week will be close and exciting.

A special from Columbia, Tenn., says: The first prize of \$100 offered by the Board of Trade for the best yield shown by a member of the Maury County Boys' Corn Club was awarded to John Van McKibbin, of Culleoka, aged 16. The young man produced 167.07 bushels on one acre of ground, breaking the county, as well as the State, record for corn production, being seventeen bushels better than the 150 bushels reported from Montgomery County.

Princess Lai, mother of the baby emperor of China, and wife of the Prince Regent, has eloped with an actor, Yung Shu Lu. The mother of the emperor, the report says, fell in love with the actor and corresponded with him for some time before the rebellion began. The conclusion is drawn that the princess believed that the Manchu cause was lost and decided to flee. The princess is said to have taken a fortune in jewels with her and to be living with Yung in Mukden. An actor and a barber are classed with the lowest of castes in China, and Chinese say that the elopement of the princess was the greatest disgrace that could come to the Manchu dynasty.

MRS. W. S. DAVISON.

The spectacle of a criminal court in California consuming six weeks of time to secure only five jurors is a disgrace to American court procedure.

The American Magazine for November presents two articles of national importance.—Senator La Follette's Autobiography and "Wonderful Hawaii—A World Experiment Station," by Ray Stannard Baker. Fiction in the number is notable because of the first installment of "Marriage," the new study of modern matrimony, by H. G. Wells. Leonard Merrick writes one of the best short stories of the year. Walt MacDougall writes an aeroplane war story that was praised by Orville Wright; there is unusual fiction by G. W. Ogden and Wells Hastings, and another "Phoebe and Ernest" tale.

A Wonderful News Service.

Have you ever paused to think what a marvelous organization must be necessary to lay before you each day an accurate account of the happenings of yesterday in Europe, Asia, Africa, South America, Australia, the islands of the sea and the whole expanse of our own continent, all in a single newspaper? The intricate network of cables and telegraph lines, the complicated chain of news-gathering agencies stretching across continents and oceans, the innumerable reporters working daily for you under tropic suns and over arctic snows—have you ever felt the romantic thrill of it all in reading a great modern newspaper such as THE CHICAGO RECORD HERALD? We mention this paper especially because of the completeness of its domestic and foreign news service. It has a correspondent in every town or city of importance in the United States, a veritable army of them in all. In addition it has the benefit of the foreign news service of the New York Herald, famous for its worldwide cable system and for the reliability of its foreign news; also that of the New York World and the New York Journal of Commerce, besides that of the great co-operative news-gathering organization, the Associated Press. With such a vast and complete news service it is not strange that THE RECORD-HERALD so easily holds its own as one of the greatest newspapers in the world.

Is the World Growing Better?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsfield, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes "Every medicine I used failed till I took Electric Bitters. But this great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. You'll see at all druggists.

It Startled The World

when the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Boils, Scalds, Sores, Cuts, Bruises, Sprains, Swellings, Eczema, Chapped hands, Fever Sores and Piles. Only 25c at all druggists.

Oiled Streets.

The present condition of those streets which were oiled the past summer shows the wisdom of the use of the oil. The streets nearly all look as smooth and solid as the bitulithic streets do. There are some who contend that the streets would have even been in better condition if they had never been swept of the dust which previously covered them; that the dust and oil mixed and made a covering for the streets which is not unlike bitulithic and cement makes. Oiled streets will likely be more popular next spring than ever before.—Paducah News-Democrat.

What the News Democrat says of the oiled streets of Paducah is true of the oiled streets of Owensboro. Oil holds the dust down in summer and makes a smooth, solid street for winters' use. Experiments made indicate that oil for making good thoroughfares of dirt streets and roads will soon be in general use, especially in cities which can not put down macadam or asphalt.—Owensboro Inquirer.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, la grippe, Asthma, croup and sore lungs, its most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Current Comment

A call for the "foremost citizen of the world, Theodore Roosevelt," to set the standard of the Republican party in the struggle for the presidency next year was voiced at the banquet at Youngstown, of the Garfield club of the Nineteenth congressional district of Ohio. John J. Sullivan, former United States district attorney, was the speaker who named Col. Roosevelt for the nomination of his party. This was followed up by an attack on the present national administration officials in a speech by Judge R. M. Wanamaker of Akron.

Double Barreled Probe.

When the Steel Trust Probe Committee met Monday council for the Steel Corporation and Martin W. Littleton, a member of the committee objected to continuing the investigation. This action was based on the fact that two branches of the Government would be at the same time investigating the same corporation. Chairman Stanley said he would lay the matter before the House.

AT MIDDLESBORO.

Charred Bodies of Alex Caldwell, Thomas Duncan and Woman In Ruins.

Middlesboro, Ky., Nov. 21.—With all avenues of escape cut off by flames from a burning stable, four persons are known to have lost their lives in a fire which destroyed several buildings in Middlesboro today.

Search of the ruins revealed the charred bodies of Alex. Caldwell of Rose Hill, Va.; Thomas Duncan of Straight Creek, Ky., and an unidentified woman and other persons, including Bertha Swinford, a 12-year-old girl, are reported missing.

Those who lost their lives occupied sleeping quarters over a saloon immediately adjoining the stable. Before they could be awakened, the fire had swept through the lower floor. Several persons who succeeded in escaping were hurt in leaping from the upper floors.

The couple will go to French Lick for the honeymoon and will reside in Hopkinsville, Ky.

Miss Hannan, who enjoys much popularity in a wide circle of friends, is a graduate nurse of the Evansville sanitarium of the class of '08 and has been supervisor in charge of the sanitarium for the past year or more.—Evansville Courier.

McGehee-Johnson.

Archie McGehee and Miss Laura Johnson, both of this city, were married Monday evening at 5:30 o'clock by Rev. C. E. Deihl, D. D. The groom has recently been living at Erin, where he and his wife will reside in the future.—Leaf Chronicle.

The groom is a son of the late Albert C. McGehee, of Gracey.

TOBACCO

Loose Sales Show Increased Activity.

Sales were held again Tuesday and yesterday with more activity and larger receipts. The tobacco is still of the lower grades and some of it is not in good order.

Buyers are plentiful and bidding is spirited. The prices obtained were quite satisfactory, the average being \$7.80. Trash brought \$4.50 to \$5.50; lugs, \$6 to \$7.50; common leaf, \$7.50 to \$9; and medium leaf, \$10 to \$11.

The new floor of M. H. Tandy & Co., making the fourth, will be ready for business in a few days.

The hogshead market is very quiet. The receipts for the year aggregate 7,883 hogsheads. Twenty-five hogsheads were sold last week. The sales for the year are 6,820 hogsheads. The stock now on sale amounts to 560 hogsheads.

Mr. Alex Boulware has returned to his home in Hopkinsville after a visit to his brothers, Messrs. Logan and Philip Boulware.—News-Democrat.

IN NEGRO REPUBLIC

President Is Slain While Hiding in a Stable.

Washington, Nov. 22.—President Caceres of the Dominican republic was shot Sunday afternoon as he left the house of Leonte Vasquez, at San Domingo city, where he had made a call. He died half an hour later in the American legation, whither he was taken. The first shots of his assailants, Luis Tejera and Jaime Mote, Jr., were not effective.

The wounded president first sought shelter in a stable adjoining the American legation, but his assailants pursued him thither and closing in upon him, fired more shots. Friends of President Caceres dragged him, in a dying condition, to the American legation, where he died at 5:30 o'clock.

AN ASSASSIN HIMSELF.

President Caceres' somewhat stormy career is recalled by officials here who are familiar with the peculiar Dominican temperament. It is rumored that the president himself was the slayer of the redoubtable old dictator, Hereaux, in 1899, as he alleged, in self-defense.

Baptist Missionaries Safe.

Boston, Nov. 21.—Cablegrams received at the headquarters of the American Baptist Foreign Society here today show that with the exception of Dr. and Mrs. Wm. R. Mors, who are remaining at Cheng King, West China, all of the missionaries of the society in West China have either arrived at Shanghai or are on their way there.

Four of the society's missionaries are still shut up in Chon Tau, among them being S. D. S. Dye of Ohio.

Toronto, Can., Nov. 21.—A cablegram was received here to-night announcing the safe arrival at Shanghai of twelve Canadian missionaries with their families from the province of Sze Chuen, which has been practically cut off from communication for several weeks. All will be sent home on furlough.

Do It Early.

The Christmas shopping times are here. The gladdest of the year. That part the people from their cash. And yet which bring good cheer. 'Tis one of those real human times in which we yet believe. And realize 'tis blessed more To give than to receive.

RING 3,260 YEARS OLD.

Worn By Court Beauty—Fine Example of Ancient Carving.

The Musee Guimet of Paris has just acquired a priceless treasure, provided that it will bear investigation better than did the notorious tiara of the Louvre a few years ago. M. Guimet, whose name the museum bears, is an antiquarian and a voluminous writer on antiquities. He seems quite satisfied that he has added to his collection a ring of the time of Rameses II., who flourished about 1,300 years before our era.

The ring was acquired from a family of Grenoble in whose possession it had been for long years, and the former owners produced documents which satisfied M. Guimet as to the authenticity of his acquisition. The ring bears hieroglyphic inscriptions showing that it graced the hand of Nefritarimeri Mout, one of the wives of the once powerful monarch of Egypt.

The ring is of thick gold carrying a carnelian stone rectangular, large and flat. The stone is inclosed in gold and the ring itself is ornamented with a file of gold. The stone tells the story in hieroglyphics said to represent the king and Nefritarimeri. The perfection of the entalure is considered a roof of the genuineness of the ring, for the modern engraver seldom succeeds with that sureness of cut which is the wonder and admiration of all who are familiar with the engraving of the ancients.

The ring, we are further told, although gracing the hand of a court beauty of Egypt in the depths of past ages, would not be much sought after by a fashionable lady to-day.

Now I can walk four miles and do my work with much more ease. I praise Cardui for my wonderful cure." Cardui is successful in benefiting sick women, because it is composed of ingredients, that act specifically on the womanly constitution, relieving headache, backache, irregularity, misery and distress. Only a good medicine could show such continual increase in popularity as Cardui has, for the past 50 years. Try Cardui, the woman's tonic.

Well Done, Virginia.

Henry Clay Beattie will be executed a week from today for the murder of his wife. The crime was committed in the month of July. Before the close of August he had been brought to trial and a verdict of guilty returned by a jury not ashamed to confess that it took its duty so seriously as to pray for guidance in its performance.

From the testimony was excluded every particle of evidence of a sensational nature not essential to a full development of the material facts at issue. The Presiding Judge in his charge gave to the prisoner the benefit of every reasonable doubt and to the jury all needful instruction in the light of the evidence. The country village in which the trial was held was crowded with the professional tear-starters of yellow newspapers. Outside the courtroom concerted, if not conscientious, effort was made to muddle the case with maudlin sentiment, to transform the degenerate defendant into a dashing young aristocrat and to make the crime a spectacular achievement. Within the courtroom the attorneys for the defense, equally with the prosecution, confined themselves to the business in hand. Accused of murder, Beattie was tried for murder and convicted of murder.

Three months later the sentence was approved by the State Supreme Court, and now the refusal of the Governor to intervene, lest his intervention should establish a hurtful precedent, leaves nothing to be effected save the execution of that sentence.

In all that has been done Virginia has done no more than her duty by her laws and people. But in these days and times, where enforcement of the law is the question at issue, such a course in the majority of States is the one least often followed. —Louisville Times.

Madisonville Is Sore.

Madisonville's game with Owensboro for Saturday has been called off and having beat both Henderson and Owensboro the Hopkinsville team has an undisputed claim on the championship, with Paducah and Madisonville not playing. The Hustler writes this parting wail:

"Prof. G. D. Collins talked with the manager of the Hopkinsville high school football eleven Monday night, but was flatly refused a game for this season. The Hopkinsville manager stated that their schedule was complete and that M. H. S. and Hopkinsville would have to meet next year. Following the refusal for a game the Owensboro contest was called off. This will put M. H.

GOOD TIP ABOUT CHECKS

Writing Out the Stub First is Easy and May Avert Much Trouble.

The West side woman was paying with a check for some articles she had bought at a department store, and she was carefully filling in the stub of her check book first. "Oh, don't stop for that," urged her shopping companion, who was in a hurry, "you can do that when you get home." Unmoved, the West side woman finished the stub with special care, then wrote the check, gave it to the salesman and said to her impatient friend: "Before I was married I took care of some of my father's accounts. The first time he ever asked me to fill out a set of blank checks for him so he could sign them he told me: 'One rule you must always observe: Write the stub first. Make a vow to yourself like unto the vow of Jephtha that you will never write a check until the stub is filled. If for any reason you should fail later to write the check it would be a simple matter to cancel the stub, but if you write a check and leave the stub blank you open the door to a hundred chances of mistake. No one's memory can be trusted on that subject. Never try to trust yours. Let the law of the Medes and Persians.' I have always found it perfectly easy to follow that rule and that is one reason I have a bank account today. My husband is never afraid I will make him any trouble with it."

A 23-POUND CAT.

Tip, a giant cat, owned by Mrs. O. F. Duncan of this city, is said to be the largest cat in the United States and Canada. Tip is closely followed in the race for weight honors by his brother, Tot, who weighs 20 pounds, three pounds less than the other cat. The cats are eight years old. Tip is 30 inches long from the tip of his nose to the end of his tail and his neck is 5½ inches in circumference. Every day each cat consumes 1½ pounds of round steak and a pint of milk. How the cats came to grow so large is a mystery even to the owner. She said they had received the same care as other animals of this kind.—South Bend Cor. Indianapolis News.

CHAGRINED.

The marine architect was submitting his plans of the great ocean liner to the president of the steamship company.

"Here we have the race course," he said, indicating the place with his finger.

"But that crowds too much on the golf links," objected the president.

With considerable chagrin the architect was forced to admit that he had been obliged to curtail his plans to merely a nine-hole course.

FORCED TO FALSEHOOD.

"There are some people," said Mr. Growcher, "who seem determined to force you into falsehood."

"To whom do you refer?"

"The superficially genial person who says, 'Ah! Did you have a pleasant summer?' You are simply compelled to say 'Yes.' If you don't, he'll scent a dark secret and insist on a long explanation of what the trouble was."

FEW FATALITIES

Follow The New Rules For Playing Football.

New York, Nov. 20.—Now that "new" football has been mastered the casualty list is so small that needs a microscope to read it. Football as it is being played this fall is a game that requires seventy-five per cent brains and twenty-five per cent speed and brawn. And where brains rule over brawn in any game naturally there is less chance for injury.

The "new" game last season wasn't a success, but solely because the big elevens could not grasp the situation. With one season's work under their belts, the coaches and players this year were greatly benefited and from the opening day of practice took up the "new" style of play.

And as a result there haven't been over three or four deaths recorded this fall. Just glance at the following figures and then you will appreciate what "new" football has accomplished:

A Grim Reminder.

"Doctor," said the desperate heavy-weight, "give me something to make me weigh less." "That sort of thing merely makes you dangerously ill." "I don't care if it does." "Very well. But I can't see why you should go to all that trouble merely to make labor a little lighter for your palbearers."

Explained.

Small Robert did not know the meaning of death, so when he was told that a man across the street was dead he asked his five-year-old sister what it meant to be dead. After a moment's hesitation she answered: "Why, to be dead means that—that—you are all in."

INTERESTING EVENTS IN CHICAGO NINETEENTH NATIONAL IRRIGATION CONGRESS DECEMBER 5 TO 9.

The object and purpose of this Congress can best be expressed in its motto, "Save the forests, store the floods, reclaim the deserts, make homes on the land," to which might be added "drain the swamp and make homes on the land."

There are in the United States 75,000,000 acres of swamp land, non-productive, a menace to health, and a deterrent to immigration. 75,000,000 acres divided into 40-acre farms means homes for 1,875,000 families, or approximately 10,000,000 of our citizenship. This land when reclaimed will be as healthful as land that has always been dry, and will be the most productive of all lands, because it is composed of the rich soil brought down by the rivers, deposited and mixed with the decayed vegetation for centuries.

On account of the diversified ownership and state complications it would seem that the United States Government is logically the authority to redeem these lands along the lines pursued in the reclamation of the arid lands of the West.

The results of irrigation of the arid lands of the Far West, and the possibilities of the drainage of the swamp lands of the Great South, and elsewhere, will be given particular attention in an elaborate program that has been planned for this congress. Delegates from all parts of the country, as well as foreign representatives, have been invited, and a goodly attendance is expected.

SNOW AT 10,000 FEET

The Duesseldorfer Forced To Earth By Weight of White Covering.

Fort Wayne, Ind., Nov. 20.—A journey in a balloon through snow squalls at an altitude of 10,000 feet was recounted today by G. L. Bum-baugh and Walter Momt, who sailed in the balloon Duesseldorfer from Indianapolis yesterday and alighted late last night fifteen miles south-east of this city. They came here to-day to send news of their safe landing to their families.

The aeronauts suffered from intense cold; they said, and combatted the storms in several stratas through which they arose by throwing out sand ballast. Finally the burden of snow in the rigging of the balloon was more than it could support, and it settled slowly to earth.

The balloonists were trying for the Lahn cup, now held by A. Holland Forbes, of New York, for a flight of 697 miles, but they traveled only 110 miles.

THE WRONG TWIN

Intending to Wed Mary, He Takes Her Sister Betty and Sails Away.

Annapolis, Md., Nov. 22.—Capt. Harry R. Edwards, of the schooner May H. eloped from Kent Island with Miss Betty Harrison, daughter of G. F. Harrison, a farmer.

Edwards spent his vacation last summer at a house near that of the Harrisons' who had twin daughters. People living on the island have often mistaken one of them for the other and that was what Edwards did when he eloped. He landed from the schooner intending to elope with Mary Harrison. He met Betty first, and thinking she was Mary, hurried her off to a parson and then aboard the schooner. The schooner is somewhere in Chesapeake Bay, with Edwards and his wife aboard, headed for Baltimore, while Mary is mourning the fate that leaves her a single woman.

It was reported last summer that Betty was jealous of the attentions paid her sister by Edwards, and it is believed she learned Edwards was going to marry Mary and decided the best way to stop it was to marry him herself.
